Every year Super Lawyers selects attorneys from all firm sizes and over 70 practice areas who have attained a high degree of peer recognition and professional achievement throughout the United

States. The annual selection process involves a patented multiphase process that includes a state-wide survey of lawyers, peer nominations and evaluations, as well as independent research. Only five percent of eligible attorneys are selected to Super Lawyers, and half of that percentage are included in the service's Rising Stars list. The Super Lawyers lists are published nationwide in Super Lawyers Magazines and in leading city and regional magazines and newspapers across the country. Super Lawyers Magazines also feature editorial profiles of attorneys who embody excellence in the practice of law. For more information on the selection process, click here.
